

Communicable Disease Branch Coronavirus Disease (COVID-19) Weekly Key Points

September 8, 2020

The North Carolina Division of Public Health (NC DPH) Communicable Disease Branch will be releasing COVID-19 weekly key points that includes information discussed on the weekly Tuesday Local Health Department call. Recordings of the call will not be made available; please use the information below as a summary of the topics presented on the call. As guidance changes, please use the most recent information provided. For questions, contact the NC DPH Communicable Disease Branch 24/7 Epidemiologist on Call at **919-733-3419**.

Important updates

- **New:** NCDHHS_LHD Weekly Webinar_9/8.2020 FINAL.pptx (file attached)
- **New:** Determining residency document (file attached)
- **Updated:** Find My Testing Place (file attached)

Movement, Monitoring, and Notification Team

Please see the attached slides for helpful reminders when working with out of state cases or contacts or when informing MMN Team of airline travel by your county's residents while infectious with COVID-19. Remember to add notes in CCTO or NC COVID when the information available to you is incomplete. If you have questions, reach out to MMN Team by emailing our shared email account: MMN.Team@dhhs.nc.gov. (NOTE: the information in the slides is specific for work related to MMN Team and is not intended to be comprehensive.)

Counting Cases Among College/University Students

If someone develops COVID-19 after being exposed on a North Carolina college or university campus, the case should be counted as a North Carolina case regardless of where the person may be isolating. Please remember to:

- Notify the county where the college/university is located;
- Make the NC address the primary address in NC COVID (even if it is incomplete); and
- Inform MMN Team if the person is isolating in a different state. Please include your TATP nurse.

Find My Testing Place

Please continue to review the updated 'Find My Testing Place LHD' Excel file weekly to ensure information is up to date and accurate. Please send the updated files or any related questions to SVC_Covid-19TestingSites@dhhs.nc.gov
